

Narangba Valley State High School

School review conducted 16 to 19 May 2022

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ Enhancing learning and wellbeing outcomes for students.
- ✓ Identifying the importance of differentiated learning experiences.
- ✓ Developing staff members into an expert teaching team.
- ✓ Forging strong relationships with students, families and the community.

Consultation

Total of 213 interviews

11 community members and stakeholders

85 school staff

96 students

21 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Further refine the explicit improvement agenda, including articulation of clear and precise actions, aspirational targets and timelines to drive progress and achieve measurable improvement in outcomes for all students.
- ➔ Fully implement guaranteed and viable curriculum, including alignment to the Australian Curriculum, and quality assure its consistent enactment across Years 7 to 10.
- ➔ Enhance the instructional leadership skills of all members of the senior leadership team to support a cohesive, coordinated and systematic approach to school improvement.
- ➔ Strengthen the culture of self-evaluation and reflection that enables executive leaders, heads of department and teachers to engage in deeper discussions of data, and generate strategies for continuous improvement at the classroom level.
- ➔ Collaboratively develop and enact informal approaches and formal strategies to build trusting relationships and enhance transparency of decision making.
