# **Narangba Valley State High School Student Laptop Hire 2026**

All computers, including laptops or notebooks used in the Narangba Valley State High School Student Laptop Hire package (hereinafter referred to as “NVSHS Hire”) are the property of the Queensland Department of Education (DoE).

The NVSHS Hire only supports school-procured and owned ICT being provided to students for educational use at school and at home.

To participate in the NVSHS Hire, students and parents/guardians will be required to be approved by the Principal or their delegate on a needs only basis. The appropriate paperwork must be returned and approved by the Principal prior to the payment of the hire fee. Once the laptop hire is approved and the hire payment of One Hundred and Fifty Dollars (\$150.00) is paid in full then the laptop will be allocated to the student.

The laptop hire fee is One Hundred and Fifty Dollars (\$150.00) per year. This fee is non-refundable once the laptop has been collected.

Once approval has been obtained for the NVSHS Hire, the completed Narangba Valley State High School Laptop Hire Agreement and the EQ11 form need to be returned together with the laptop hire payment of One Hundred and Fifty Dollars (\$150.00).

The laptop hire payment of One Hundred and Fifty Dollars (\$150.00) covers the laptop hire for the period from 27 January 2026 to 28 November 2026 inclusive.

Short-term laptop hire is available for exceptional circumstances where a student’s laptop is in for repairs or a new laptop is purchased but awaiting delivery. In these circumstances the school is able to hire a laptop on a pro rata basis by term at a cost of Thirty-seven Dollars and Fifty Cents (\$37.50) and cannot be extended past one (1) term. To access the short-term laptop hire the parent/carer will need to apply in writing to the Principal, outlining the specific reason and duration of the loan required. Once the laptop hire is approved and the hire payment of Thirty-seven Dollars and Fifty Cents (\$37.50) is paid in full prior to the being allocated to the student.

## **Loan Equipment**

The equipment, referred to in this Hire, consists of a laptop computer and power pack; carry case and the department’s standard suite of software (this includes Microsoft Office).

For the purpose of this document, all of these items are referred to collectively as the ‘laptop’. Each laptop will be:

- protected by anti-virus tools and automated updates
- able to be used at home and at school for student learning
- installed with the department’s standard suite of productivity software
- Blue Coat internet filtering

## Equipment Ownership

At the end of the loan period all laptops are to be returned to the IT Department of the school and will be cleared of any data and reimaged ready for the next school year.

If the student leaves the school during the loan period, the laptop **must be returned to the school. If the laptop is not returned, the full replacement cost will be invoiced and a Queensland Police Service (QPS) Police Report lodged.**

It is also a requirement of using the laptop that students provide authorised school staff with access to the laptop and personal holdings associated with the use of the laptop if requested.

## Fee for Provision of Laptop

To participate in the NVSHS Hire parents/guardians are required to make a contribution. This will cover additional costs incurred by the school in providing and supporting the laptop.

The items below are included in the NVSHS Hire:

- Laptop
- School operated student help desk
- Blue Coat internet filtering
- Windows 11 operating system
- Microsoft Office software suite
- Antivirus Software

Our school P&C has endorsed a co-contribution of One Hundred and Fifty Dollars (\$150.00) to be charged per device, per annum, for students to borrow from the Laptop Equity Pool.

## Laptop Care

The student is responsible for taking care of and securing the laptop and accessories in accordance with school policy and guidelines.

## Data Security

Students must understand the importance of backing up data securely. Should the laptop develop a fault, class and assignment work that has taken a considerable time to prepare may be lost.

The student is responsible for the backup of all data. While at school, students are able to save data to the school's network which is safeguarded by a scheduled backup solution or the Department of Education supplied Microsoft OneDrive. Microsoft OneDrive is the preferred option. As an alternative where internet access is not available, they are also able to save data locally to the laptop. Please ensure this data is saved to Microsoft OneDrive when internet access becomes available.

Students should also be aware that, in the event that any repairs need to be carried out, the data stored on the laptop may be deleted and the storage media reformatted.

# Acceptable Computer and Internet Use

Upon enrolment in a Queensland Government school, parental/guardian permission is sought to give the student(s) access to the internet, based upon the [advice for state schools on acceptable use of ICT services, facilities and devices](#).

This document also forms part of this NVSHS Laptop Hire. The acceptable-use conditions apply to the use of the laptop and internet both on and off the school grounds.

Communication through internet and online communication services must comply with the Narangba Valley State High School Student Code of Conduct, which is available on the school website.

In adhering to the Narangba Valley State High School Student Code of Conduct; students should not:

- Create, participate in or circulate content that attempts to undermine, hack into and/or bypass the hardware and/or software security mechanisms that are in place.
- Disable setting for virus protection, spam and/or internet filtering that have been applied as part of the school standard.
- Use unauthorised programs and intentionally download unauthorised software, graphics or music.
- Intentionally damage or disable computers, computer systems or Queensland Department of Education networks.
- Use the laptop for unauthorised commercial activities, political lobbying, online gambling or any unlawful purpose.

Note: At the request of appropriate authorities' students' use of internet and online communication services can be audited and traced to the account of the user, for investigative purposes surrounding inappropriate use.

## Passwords

Passwords must not be obvious or easily guessed; they must be kept confidential and changed when prompted or when known by another user.

Personal accounts cannot be shared. Students should not allow others to use their personal account for any reason. Students should log off at the end of each session to ensure no one else can use their account or laptop.

## Digital Citizenship

Students should be conscious creators of the content and behaviours they exhibit online and take active responsibility for building a positive online reputation. They should be conscious of the way they portray themselves and the way they treat others online.

Students should be mindful that the content and behaviours they have online today are easily searchable and accessible. This content may form a permanent online record into the future. Interactions within digital communities and environments should mirror normal interpersonal expectations and behavioural guidelines, such as when in a class or the broader community.

Parents are asked to ensure that their child understands this responsibility and expectation.

## Cybersafety

If the student believes they have received a computer virus or spam (unsolicited email), or if they have received a message that is inappropriate or makes them feel uncomfortable, they must inform their teacher, parent/carer as soon as is possible.

Students are encouraged to explore and use the 'Report Cyberbullying' button to talk, report and learn about a range of cybersafety issues.

Students must seek advice if another user seeks personal information, asks to be telephoned, offers gifts by email or asks to meet a student.

Students must never initiate or knowingly forward emails, or other messages, containing:

- A message sent to them in confidence
- A computer virus or attachment that is capable of damaging the recipient's computer
- Chain letters or hoax mails
- Spam (such as unsolicited advertising)

Students must never send or publish:

- Unacceptable or unlawful material or remarks, including offensive, abusive or discriminatory comments
- Threats, bullying or harassment of another person
- Sexually explicit or sexually suggestive material or correspondence
- False or defamatory information about a person or organisation

## Web Filtering

An internet filtering protection solution provides the department with the ability to restrict access to inappropriate material on the department's ICT network.

This covers school browsing from the department's central servers. Third party internet access such as home internet or council wireless hotspot from the laptop will be protected by the remote proxy client.

When students are connected through the department's managed network, they will have a high level of filtering applied. This level restricts them from website such as:

- Social networking sites e.g. Instagram
- Open/Mixed content sites e.g. YouTube
- Translation sites e.g. Google translation
- Internet telephony e.g. Skype
- Media Sharing e.g. Prezi

When students use their devices at home the filtering system functions with two levels of filtering: high (more restrictive) and medium (less restrictive).

A high level of filtering at home provides a less restrictive access than at school however a greater level of protection than medium.

Websites and web applications that are blocked at school but are available to students at home include:

- Blogs/personal pages
- Chat/Instant Message e.g. Snapchat
- Internet Telephony e.g. Discord
- Media Sharing e.g. Flickr
- Online Storage e.g. Dropbox
- Software downloads

In partnership with schools, parents/guardians can allow their child medium level filtering when they are connected to a non-departmental internet connection, such as their own home internet.

Medium level filtering provides less restrictive level of protection. Students with this level can access a wider range of websites which include:

- Social networking e.g. Instagram
- Adult/mature content
- Alternative spirituality/belief
- Nudity
- Translation websites

It is important to remember filtering systems do not replace the need for parental supervision when students are online.

If parents/guardians allow their children to have a medium level of filtering at home, they need to be aware that the child's online activities are the shared responsibility of the parent and the student. This process requires sign off of the Student Hire Agreement indicating your willingness to support your child's access to medium filtering.

Parents/guardians and students are encouraged to visit the eSafety Commissioner website at <https://www.esafety.gov.au> for more information.

## **Privacy and Confidentiality**

It is important that students do not publish or disclose the email address of a staff member or student without that person's explicit permission.

The student should not reveal personal information including names, addresses, photographs, credit card details or telephone numbers of themselves or others.

It should also be ensured that privacy and confidentiality is maintained by not disclosing or using any information in a way that is contrary to any individual's interest.

## **Intellectual Property and Copyright**

Students should never plagiarise information and shall observe appropriate copyright clearance, including acknowledging the original author or source of any information used. It is also important that the student obtain all appropriate permissions before electronically publishing other people's works or drawings. The creator or author of any material published should always be acknowledged.

Material being published on the internet or intranet must have the approval of the principal or their delegate and have appropriate copyright clearance.

## **Misuse and Breaches of Acceptable Usage**

Students should be aware that they are held responsible for their actions while using the internet and online communication services. Students will be held responsible for any breaches caused by other person(s) knowingly using their account to access internet and online communication services.

The misuse of internet and online communication services may result in disciplinary action which includes, but is not limited to, the withdrawal of access to services.

## **Damage or Loss of Equipment**

There is no cover for negligence, abuse or malicious damage to the device or equipment. Students will be required to replace lost or damaged chargers.

Costs incurred by the school for the repair or replacement of devices may be charged by the school as an excess to parents/guardians. Loss of laptop chargers incur a fee of \$40. In the event of non-compliance of agreed responsibilities, schools may review the student's continued participation in the NVSHS Laptop Hire Program.

Any software or hardware issues, vandalism, damage, loss or theft of the laptop must be reported immediately to the school.

## **Theft and Loss**

In the case of loss or suspected theft, a parent/carer will need to lodge a report with the nearest police station. It is important that the following be recorded and provided to the school:

- The QPS report number
- The name of the police officer who took the report (if applicable)

In both cases, a witnessed statutory declaration must be provided to the school.

Should a device be unrecoverable, the cost of replacement is as follows:

- First case: Two Hundred Dollars (\$200.00)
- Subsequent cases: Full replacement cost.

## Laptop Damage

Wilful damage is where damage is not classified as accidental damage. Narangba Valley State High School does not cover the device for any wilful damage, careless damage, theft or negligence. Examples of items not covered are:

- Any keys being removed from the laptop's keyboard or liquid damage.
- Leaving objects (such as pens) on the keyboard when closing the laptop lid, and as a result the LCD display is damaged.
- Leaving the laptop unattended and as a result it was damaged by someone or something else other than the user or assigned owner.
- No explanation whatsoever can be provided for how the resulting damage occurred.
- Repeating cases for the same laptop which may have previously been termed as accidents.

Where a device is deemed wilful damage, careless damage, theft or negligence, the following costs apply:

REPAIR TYPE	COST OF REPAIR
<b>LCD Screen / Keyboard / Hard Drive</b>	\$330 inc GST
<b>Top Case / Bottom Case</b>	\$200 inc GST
<b>Motherboard / Liquid Damage</b>	Beyond Economical Repair. Cost to be discussed with Principal or delegate.
<b>Laptop Charger</b>	\$40 inc GST

**Note:** Where the school investigates and determines that damage has been intentionally caused, the full cost or replacement of the device may be charged.

## Software

The software loaded on the laptop is licensed to the Department of Education or the school. The parent/carer must ensure that the software is not copied, deleted or transferred without prior written consent from the school. Unauthorised use may breach copyright laws and the parent/carer may be held liable for any damages incurred.

## Monitoring and Reporting

Students must be aware that all use of internet and online communication services can be audited and traced to the account of the user.

All material on the laptop is subject to review by authorised school staff. If at any stage there is a police request, the Department of Education will provide the authorities with access to the laptop and personal holdings associated with the use of the machine.

## Students' Reporting Requirements

Students are required to report any internet site accessed that is considered inappropriate.

Any suspected security breach involving students, users from other schools, or from outside the Queensland Department of Education must also be reported to the school.

# Student Laptop Hire Agreement 2026

The Narangba Valley State High School Student Laptop Hire Agreement form must be signed and returned to the school along with the funds paid to the Cashier before the laptop can be borrowed. The student and parent/carer must carefully read this document before signing it. Any questions should be addressed to the school and clarification obtained before the hire agreement is signed.
