3.	<ul style="list-style-type: none">SRS PRESENTATION - Clare Bell	<p>SRS fees hopefully reflect current expense to families, there may be some minor increase. This will be finalised as soon as possible and available to families to view via NVSHS website.</p> <p>Consideration asked from Maths HOD to add calculator to SRS as kids often use not having one as an excuse however an alternative would be best as many at the meeting felt it will not be accepted by families as a yearly purchase when this item can be purchased via our Uniform Shop, and also passed down through other family members of the school.</p> <p>SRS should be finalised by week 9. Upcoming changes to new course certs, we do have some movement of outgoing certs, however the new incoming are very exciting and likely to pick up some added student interest. A cert in Horticulture, Construction, Technical services and more to be confirmed.</p>

Other Business		
6.	Any Other Business	<p>On going issues with Buses and trying to find a flow, Kangaroo Bus lines hear the concerns and would like to find a balance, the problem continues to fall with Translink, they often offer advice but nothing comes of that. An agreement was previously made however nothing came from that, the school continue to document the need and take photographs to support documentation, at this stage added support from a political standpoint seems to be the next step.</p> <p>NVSHS families feedback continues to be that it is hard for the students in our junior sector to get home otherwise on a Wednesday unless there is an older sibling or grandparent available to help. This is continuing to be noted and presented when needed.</p>
