

# Narangba Valley State High School

## Payment Methods

**B P O I N T**®

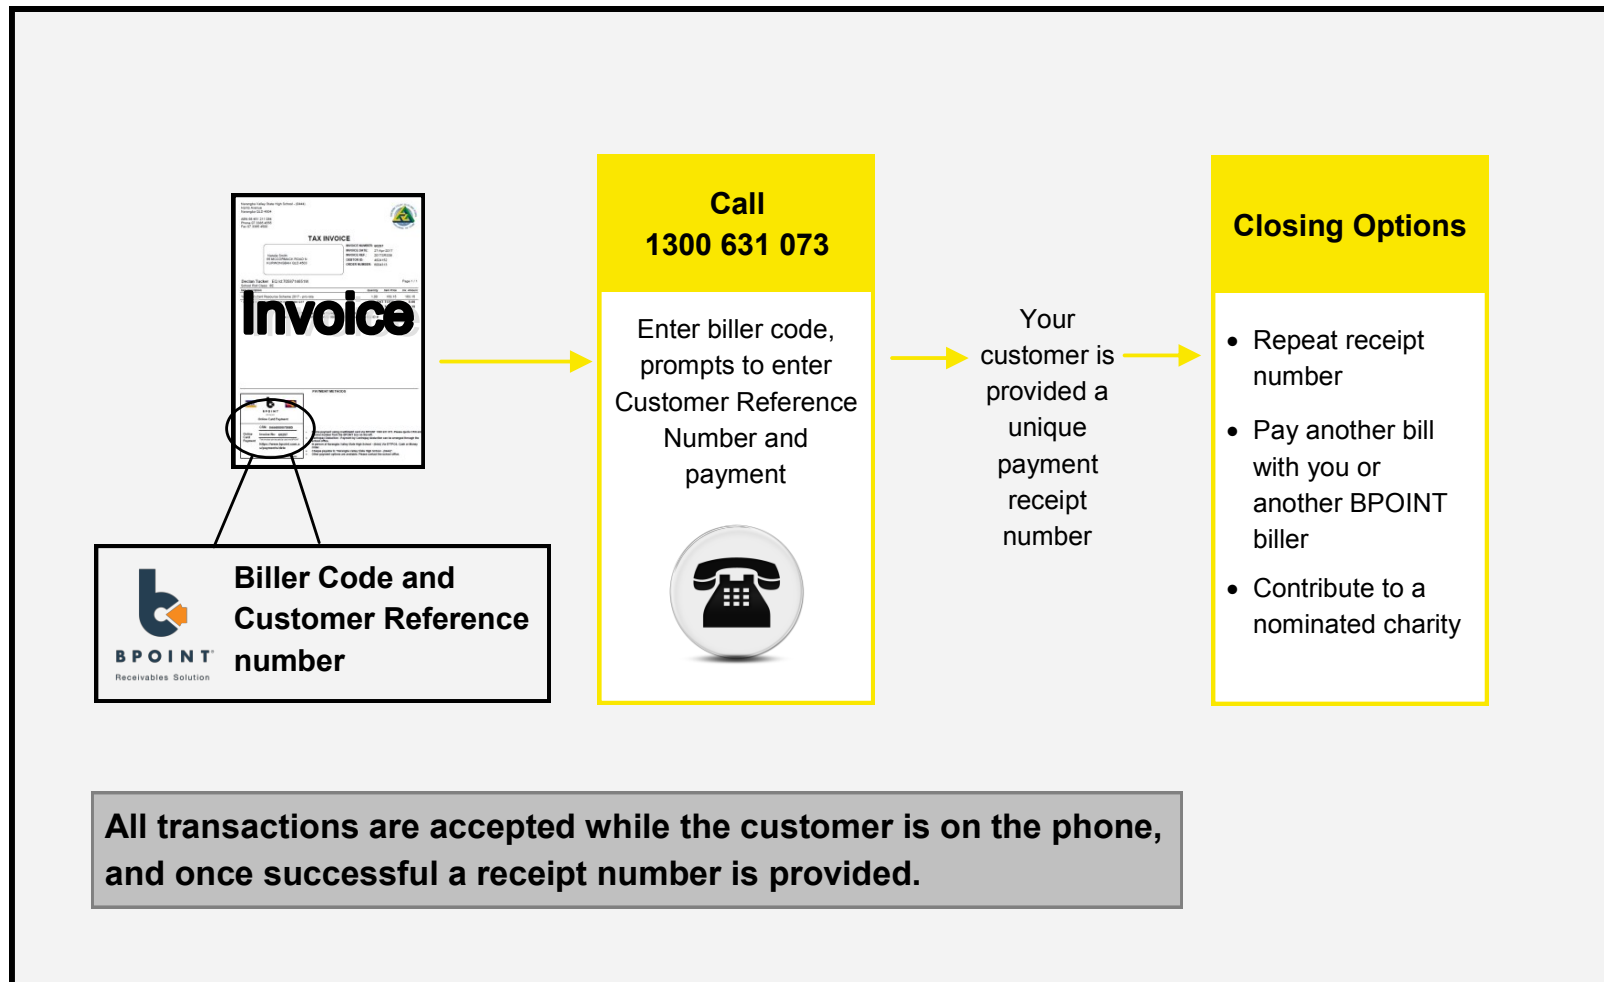

Receivables Solution

To ensure that all schools are PCIDSS compliant, BPOINT IVR (Interactive Voice Response) has now been introduced by the Department of Education and Training. BPOINT IVR is compulsory for Schools utilising credit card payments via telephone form their customers. If you are unsure of the process, please contact the school and we can assist you with your payment.

BPOINT eDDR (Electronic Direct Debit) has also been introduced by the Department for your convenience. This is a payment solution that enables school clientele to set up payment plans on invoices via credit/debit card or alternatively, your bank account. BPOINT can automatically send emails and/or SMS to parent/guardians for their receipts, decline notifications or reminders of upcoming scheduled payments. Customers receive receipts and reminders straight to the email or phone. This process is PCIDSS compliant. If you are interested in this payment option, please contact the Cashier or Business Manager to commence the process.
