

# 2025 STUDENT RESOURCE SCHEME PAYMENT INFORMATION

## Junior Secondary – Year 9

Dear Parent/Carer,

While the cost of providing instruction, administration and facilities for the education of a student at a state school is met by the state, a parent is directly responsible for providing the student with textbooks and other resources for a student's use while attending school. The Student Resource Scheme is separate to and distinct from a request for a voluntary financial contribution. Assistance is provided in the form of a Textbook and Resource Allowance which is paid once a calendar year through the school. This is to offset fees associated with participation in the school's SRS scheme. Current allowance rates are available from

<https://education.qld.gov.au/about-us/budgets-funding-grants/grants/parents-and-students/textbook-resource-allowance>

As a service to assist parents/carers with the cost of these education resources, Narangba Valley State High School has chosen to operate a Student Resource Scheme (the Scheme). The purpose of the Scheme is to provide parents/carers with a cost-effective alternative to purchasing textbooks, resources, consumables and/or materials from elsewhere, through reduced prices gained from the school's bulk purchasing processes.

**COST - \$400 (Student Contribution - \$240; Government Text Allowance - \$160)**  
**Please refer to the 2025 Student Resource Scheme Breakdown available on the school website**

A Student Resource Scheme enables a parent/carers to enter into written agreement with the school that, in return for payment of a specified annual participation fee, provides for the participating student's temporary use of prescribed textbooks and other resources and/or for the purchase by the parent of consumables and materials for the student's use. Participation in the scheme is voluntary, and no obligation is placed on a parent/carers to participate.

A parent/carers decision to participate is based on consideration of the value afforded by the Scheme. The Narangba Valley State High School Scheme provides excellent value for money. A comprehensive list of what the Student Resource Scheme participation fee provides for your child is available from our [school website](#).

**Please refer to your student's timetable to enable you to reference the resources provided for your student according to the subjects studied.**

**A parent/carers who does not wish to join the Scheme is responsible for providing the student with the items on this list that would otherwise have been provided to the student by the Scheme to enable the student to engage with the curriculum.**

Please ensure you have read the full terms and conditions relating to the Student Resource Scheme located on the back of the participation form. All parents and caregivers are required to complete the relevant sections (both participants and non-participants) indicating your preference.

**Participants of the Student Resource Scheme are required to fulfil their full financial obligations.**

### **PAYMENT**

If possible, we ask for all parents and carers to pay fees **before the start of 2025** so that student learning materials and books may be purchased early and discounts secured through early payment and bulk ordering. All students will then have the opportunity of accessing their resources when they commence the school year. Please find attached a School Fees and Charges planning matrix.
