

Office 365 Suite

All Queensland state school teaching staff and students can download multiple free copies of the latest Microsoft Office 365 to their personal home computers and mobile devices.

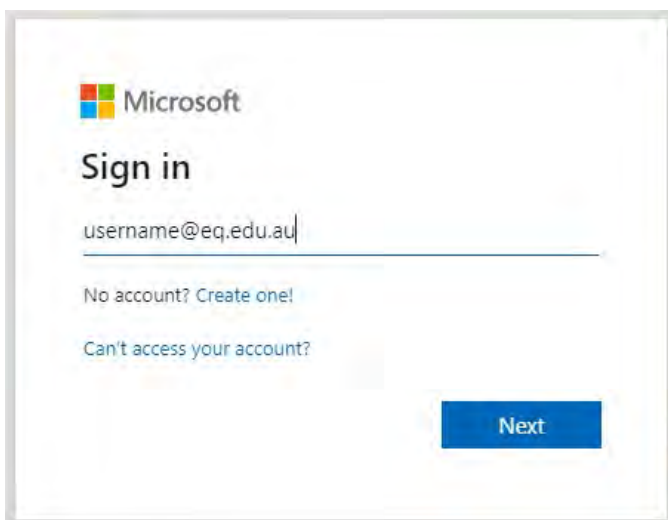

Non-teaching school staff will need a licence assigned to their account prior to installation. Any staff member who has previously installed Office will have the licence already, but those who have not installed it previously will need to log a request to Service Centre to obtain a subscription prior to installation. Please use the online form at the [Service Catalogue Online](#), or call the Service Centre on 1800 680 445.

The below installation method is only to be used on devices which do not have the MOE build installed. Do not follow these directions to install Office on a MOE device.
